

Our team of corporate finance specialists works closely with business owners, helping them maximise value and achieve their financial and commercial objectives.

We work with owner managed businesses across a range of sectors in Cambridge and the surrounding counties on:

-

company disposal

- corporate acquisition
- MBO and MBI
- succession planning
- raising debt and equity finance
- business valuation

For more information about our services please visit [www.pemcf.com](http://www.pemcf.com).

### **A specialist team with extensive resources**

With over 75 years' combined experience delivering transactions, we have a track record of helping clients prosper.

Our clients have confidence in not only our expertise but also our resources. We are part of PEM, the largest firm of accountants and business advisers based in Cambridge. We have immediate access to the firm's tax specialists who provide valuable input on deals.

We also have international reach through our membership with Kreston Global, a global network of independent accounting firms across 110 countries.

## **Honest, pragmatic and understanding**

We take a hands-on approach to delivering services. Our flat structure means our clients receive senior level support throughout a transaction; and our success based fees demonstrate that we have their best interests at heart.

Our clients love that we understand their challenges, and that they can rely on us to be honest and give the right advice. Many continue to use us for guidance even after the deal has completed.

Please get in touch at [info@pemcf.com](mailto:info@pemcf.com) if you would like to have an informal chat about your business plans or requirements.

## **What our clients think**

*“There was an intensity of support from them.”*

Rob Day, Managing Director at Alacer Software

*“Very straightforward, honest and insightful.”*

Simon Barton, Finance Director Bourn Hall Limited

*“An experienced organisation. They helped us from start to finish, negotiating and funding the transaction.”*

Tony Savill, Managing Director Molecular Dimensions Ltd
